Purpose and Effect of the Zoning By-Law Amendment

The property is currently zoned “**Rural/Environmental Protection (RU/EP)**” in the Municipality’s Comprehensive Zoning By-law No. B2014-070, as amended. The purpose of the application is to rezone the property in part to a “Shoreline Residential with a Special Exception” to permit the expansion of an existing seasonal dwelling, to recognize an existing two-piece bathroom within a detached accessory structure, and to recognize three non-compliant setbacks for structures within the 30 m water yard. The proposed expansion to the dwelling would result in an increase to the ground floor area of 37.48 sq. m (403.43 sq. ft.) and a resultant ground floor area of 135.86 sq. m (1,462.38 sq. ft.).

- The applicant has previously expanded the dwelling under the as-of-right dwelling expansion provision in Section 4.30.3. Given that this regulation permits only one expansion or replacement of an existing dwelling in the 30 m water yard, planning relief is required to allow the proposed subsequent expansion.
- Further to the above, the applicant is requesting relief from section 4.30.1 – General Setback Provisions for structures located within the 30 m water yard to permit the construction of two additions to the existing dwelling which would increase the ground floor area of the dwelling by 37.48 sq. m. (403.43 sq ft).
- The applicant is also requesting relief from section 4.30.1 – General Setback Provisions for structures located within the 30 m water yard to recognize a non-compliant dwelling and two accessory structures located within 30 m of water. The dwelling has a setback of 8.91 metres, and the two accessory buildings have setbacks of 4.2 metres and 17 metres.
- The applicant has also requested that an existing two-piece washroom located in one of the accessory structures be recognized and that an exemption be provided to allow the accessory structure to include habitable space.

The applicant has submitted the following information, which is available for public review at the municipal office during regular business hours and on the website under the “Current Planning Applications” tab:

1. Survey
2. Concept Plan
3. Planning Justification Report
