Purpose and Effect of the Zoning By-Law Amendment

The property is currently zoned “**Shoreline Residential (SR)**” in the Municipality’s Comprehensive Zoning By-law No. B2014-070, as amended. The purpose of the application is to rezone the property to a “Shoreline Residential – Private Access Exception” Zone to permit the construction of a single-storey replacement dwelling with a finished walk-out basement with a ground floor area of 119.4 sq. m (1,285.2 sq. ft.).

- The applicant is proposing to replace the existing non-compliant dwelling in the water yard with a new dwelling that would represent a 73% expansion in ground floor area, which exceeds the as-of-right 50% expansion as per section 4.30.3 a). The proposed replacement dwelling is intended to maintain the current 14.1 metre setback from the highwater mark. Section 4.30.1 requires a minimum water yard of 30 metres.
- The applicant is requesting additional relief from Section 4.30.1 and is proposing to construct an attached lake-facing deck in the water yard having a minimum setback of 10.3 metres.
- The applicant is requesting relief from Section 9.4 which requires a 12-metre setback from a private road. The applicant proposes to maintain an existing 0.5 m (1.6 ft.) setback from a private road for the replacement dwelling.
- The applicant is requesting relief from Section 9.2.6 – Minimum interior side yard width for the northerly side yard of 4.5 m (14.8 ft) to 2.2 m (7.22 ft) for the replacement dwelling.

The applicant has submitted the following information, which is available for public review at the municipal office during regular business hours and on the website under the “Current Planning Applications” tab:

1. Survey
2. Site plan with existing dwelling and proposed replacement dwelling
